

**Edge banding machine Felder G480**

M002833

- ✓ Year of construction 2017
- ✓ Available as of 01/01/2025

**Technical Data**

380V / 50 Hz / CE

Edgebanding on rolls 0.4 - 3.0 mm  
Panel height 8 - 45 mm

- Control panel with LCD screen
- Manually adjustable pressure bar
- Chain guide
- Roughing with diamond cutters
- Glue unit for 1 kg EVA granulate
- Feed pressure unit with 2 rollers, manually adjustable
- Multifunctional surface, bevel and radius-milling unit
- Corner rounding unit  
(up to a workpiece height of 30 mm) R=2mm
- Saw-unit - 1 motor, positioning under 45°
- Radius scraper, mechanically engageable R=2mm
- Flat scraper, mechanically engageable
- Extraction connection: 7 x 60 mm, air volume 1700 m³/h,  
air speed 20 m³/h
